During the operation, a package containing powder, weighing approximately **100 grams**, was discovered and seized from a 31-year-old man and a 29-year-old woman. According to expert analysis, the seized substance was of **synthetic origin**. <https://abzelil.com/news/proisshestviya/2025-12-06/v-bashkirii-zaderzhany-s-krupnoy-partiej-narkotikov-4496395>

06.12.2025 During the implementation of received operational information, officers of the MIA of Russia for the Soviet District of Tomsk detained a 20-year-old resident of Leninsk-Kuznetsky, Kemerovo Region. During questioning by the police, he admitted that shortly before his arrest, he had placed single doses of mephedrone in hiding places at nine addresses in the Sovietsky District for the purpose of distribution. During a search of the rented apartment, operatives seized 22 packages of **mephedrone** with a total weight of approximately **100 grams**, as well as packaging materials and scales. <https://мвд.рф/news/item/74463805/>

07.12.2025 Chelyabinsk police detained a 47-year-old man, suspected of working as a courier-stasher for an online drug distribution store. According to law enforcement, a batch of **heroin** with a total weight of over **150 grams** was seized from the suspect. Additional narcotics were found during a search of the suspect's apartment. Law enforcement also seized electronic scales and packaging materials from the residence. <https://news.ru/regions/chelyabinka-pojmali-s-partiej-geroina-v-150-grammov>

08.12.2025 Officers of the Main Directorate of the MIA of Russia for the Stavropol Territory, while processing information regarding the involvement of a 30-year-old resident of Mineralnye Vody in the distribution of prohibited substances, detained the suspect on one of the streets of Pyatigorsk. In the cabin of his car, as well as in the car seat, law enforcement officers discovered and seized several dozen packages containing 10 to 20 capsules of pregabalin each, as well as 7 vials of tropicamide. Later, during further search operations conducted at the citizen's apartment as well as at his mother's apartment, police discovered 3 packages of **a potent substance** with a total weight of approximately 5 kg, over 300 capsules of pregabalin, a manual capsule machine, and soluble capsules, which he used to package the prohibited drug for further sale. Additionally, officers seized five more packages from stashes previously prepared by the man. The total weight of the substances seized from the suspect exceeded **6 kilograms**. <https://мвд.рф/news/item/74633466/>

08.12.2025 In November of this year, in the Avtozavodsky district of Nizhny Novgorod, operatives detained a 34-year-old local resident on suspicion of drug trafficking. At the suspect's residence, drug police conducted a search, during which they discovered and seized three metal containers, each with a capacity of 40 liters, nine three-liter glass jars containing plant material, as well as equipment and materials used for packaging. In addition, a package with a similar substance was found in the suspect's car. Analysis of one of the samples showed that it contained the narcotic drug — **marijuana** with a weight of 337 grams. The total weight of the seized substances amounted to approximately **7 kg**. <https://мвд.рф/news/item/74632612/>

09.12.2025 Officers of the Drug Control Department of the MIA of Russia for the Tambov Region, during the implementation of previously received operational information, detained a married couple – a man born in 1986 and a woman born in 1989 – who had established the production of «synthetics» in the Petrovsky municipal district for the purpose of wholesale distribution. It was determined that the spouses had purchased a house in the village of Novositovka, where one of the outbuildings was equipped as a drug laboratory. During the search, police discovered canisters with chemical liquids, scales, personal protective equipment, as well as two containers with a light-brown substance in the process of drying. According to examination results, the seized substance was a derivative of **N-methylmethcathinone** with a total weight of **2.3 kilograms**. <https://мвд.рф/news/item/74712095/>

09.12.2025 Officers of the Main Directorate of the MIA of Russia for the Rostov Region, during the implementation of operational information, stopped a car at the 1093rd kilometer of the M-4 «Don» highway and detained the 26-year-old driver, a resident of the Kaluga Region, on suspicion of transporting a large batch of synthetic drugs. During the car inspection, police discovered a hidden compartment in the fuel tank. Operatives seized three 1.5-liter plastic bottles containing a white substance with a total weight of approximately **3 kg** from it. The powder was sent for examination, which confirmed that the bottles contained the narcotic drug **mephedrone**. <https://мвд.рф/news/item/74733713/>

09.12.2025 On 6 December, officers of the Criminal Investigation Department of the MIA of Russia for the Moshkovsky District stopped the activity of an interregional drug courier who was transporting narcotic substances from Novosibirsk to the Krasnoyarsk Territory. In the Moshkovsky District, he was detained by criminal investigation operatives. During an inspection of the car, police discovered a narcotic substance. According to expert examination, the substance contained the narcotic drug **N-methylmethcathinone** with a total weight of over **400 grams**. <https://мвд.рф/news/item/74680750/>

09.12.2025 Officers of the Astrakhan Department of the MIA of Russia detained a local resident born in 1994. At the car service center where the suspect works, police discovered and seized 258 blisters — approximately **1800 capsules** of **pregabalin**. In this way, law enforcement prevented an attempt to illegally distribute a potent substance on a large scale. <https://a24.press/news/criminal/2025-12-09/v-astrahanskom-avtoservise-nashli-krupnuyu-partiyu-narkotikov-205052>

UZBEKISTAN
